

REMARKS

This communication is in response to the Office Action of May 15, 2007 wherein two species were identified and election of a single species was required. In response, Applicants provisionally elects species 1, corresponding to Claims 1-9, 11, 12, 14, 22, 28, 29, 64-67. Claims 1-9, 11, 12, 14, 22, 28, 29, 64-67 are readable upon the elected species.

Applicants note however that in addition to those species identified in the Office Action as corresponding to specific figures depicted in the Application, additional species may exist which are described in the specification and claims and which are not subject to the restriction requirement identified by the Office Action.

Applicants further note that claim 28 has been amended. Due to typographical error in the previous amendment, the semicolon and conjunction “and” were inadvertently not removed. This error has been corrected, as presented above.

Conclusion

In view of the foregoing it is believed that the present application, with claims 1-9, 11, 12, 14, 22, 28, 29, 64-67 is in condition for allowance. Early action to that effect is earnestly solicited.

Respectfully submitted,

VIDAS, ARRETT & STEINKRAUS
